Subject: Referee report

The fall playing season is getting underway. The fall training season is well underway. Below is a summary of the roster data for July-September. Please realize that some of the courses presented in the past few days do not show as *RETURNED* and the number of attendees in courses which do not have returned rosters is not shown. I'm pleased with the number of Intermediate Referee courses scheduled before the end of September. It is also notable that there are a number of online companion courses being presented. In addition one Advanced Referee Instructor class was presented with 4 attendees.

Course	Returned	Attendees	Approved
U8 Official	1	3	30
Assistant Referee	1	2	2
Basic Referee	13	186	41
Basic Referee Online Companion	4	37	24
Intermediate Referee	3	24	8
Advanced Referee	1	7	1
National Referee	1	8	

We still have some areas who have either not appointed an Area Referee Administrator or have done so and not let me know who it is. This is important for communication with the referee administrators to disseminate information.

This information is correct as of 17:00 on Sunday, August 17.
